My inclination is to remove "both informally and in writing" but I can go either way.

For consideration -

Inquiry:

The attached Nebraska Department of Environment and Energy document makes reference to "EPA's input on the cleanup activities at the AltEn Facility." There is a group of people who meet weekly to discuss and monitor the situation at the AltEn property and surrounding area. We are called the Perivallon Group. We are happy that the EPA is being consulted.

I can't find anything about the input that the EPA gave to NDEE. Can you please provide the Group with any written documents that the EPA has sent to NDEE or ask NDEE to make sure such documents are posted on their AltEn website?

Proposed response:
